

In Case You Croak!

(Or go into the hospital unexpectedly and you're hooked up to all these machines, and you're trying to to blink in morse code but no one gets it, or you can't communicate for any number of reasons, like you're in a coma, or your tongue is paralyzed and the skin and muscles on your fingers have necrotized and you can't speak or write.)

Make Sure Your Pets Will Be Taken Care Of
